

# Rottnest Island Boat Dives

**Day Trip (2 Dives)**  
**Check in time 8:00 am**  
**Depart Rous Head 8:30 am**  
**Return Rous Head 3:00 pm**

**Cost: \$150 includes lunch, morning and afternoon tea and 2nd cylinder.**

Rottnest Island is well renowned for it's diving, offering clear waters, abundant marine life and stunning limestone caves. The water temperature varies from 16°C in the winter to 24°C in the summer, creating homes for both temperate and tropical species of marine life. We recommend wearing a 5mm wetsuit all year round. The depths of our dive sites range between 8m - 30m, making it suitable for most divers.

Our dive boat, Lionfish IV, is a surveyed 23.90 metre purpose built diving boat. It is equipped with all safety equipment, hot showers, spacious lounge with TV, video / camera preparation table and a chef!

Lionfish IV schedules dives on Wednesday, Thursday, Friday, Saturday and Sunday depending on numbers. Bookings can be made in the store or by credit card over the phone.
